Bath Model Helicopter Club Invite you to the

South West Heli Flyin 2010

We are holding our annual fly-in at Woodspring Wings Model Aircraft Club, on **Sunday 5th SEPTEMBER 2010**

All pilots are welcome from the novice to expert. Both scale and pod and boom are welcome. Off the peg flying. £4.00 per pilot. Refreshments available. Tx control for both 35mhz & 2.4ghz
The event has gone really well over the past couple of years, your support will be greatly appreciated.

So let's all hope the weather holds out for some great flying

You must produce proof of BMFA membership or you will not be allowed to fly. All pilots require a minimum of an 'A(H)' certificate in order to fly solo at this event, however if you do not have your 'A' certificate, then you MUST be accompanied by a 'A'(H) certificated pilot whenever you fly. However the organisers reserve the right to exclude ANY pilot who is considered by them to be flying in a dangerous or un-safe manner.
